Product Designer

Mumbai, IN • +91 9673318441 • [LinkedIn](#) • [Portfolio](#) • sauravsunilkendre@gmail.com

Summary

UX UI designer with 5 years of experience crafting intuitive, usable, and high-impact digital products. Strong background in SaaS product design, with work spanning platforms like Tira Beauty, JioStream Studio (Tira), and Pret A Manger Loyalty. Actively leverage AI copilots & vibe coding to accelerate the process. Currently pursuing a PG Diploma in Interaction Design (Hybrid) at IIT Bombay, (2027).

Work Experience

UX Designer May 2025 - Current

LogiNext Solutions

- Spearheaded design across multiple projects as the lead product designer, establishing a high bar for product quality & vision.
- Managed pre-deployment UATs significantly **reducing design inconsistency** and directly **increasing overall product quality**.
- Delivered the complete **Help Center website**, improving user self-service and reducing direct support burden.
- Designed the **AI Chatbot experience**, leading to a measurable reduction in incoming support tickets.
- Executed the Certification Program design, effectively boosting Net Promoter Score (NPS) and enhancing brand reputation.
- Standardizing design by building the **Storybook and Design System**, aiming for max development efficiency & scalability.

Dy. UX Design Manager April 2022 - May 2025

Jio Platforms Limited

- Leading **Pret A Manger, Tira Beauty back console and JioCloudPC**, ensuring accessible and user-centric solutions.
- Designed and launched **JioStream for Tira Beauty**, a video-commerce platform, contributing to its successful market entry.
- Executed design strategies that boosted design process efficiency by **15%**.
- Implemented a design review process, maintaining a high standard of visual consistency and brand alignment.

UI/UX Designer & Visual Designer April 2021 - April 2022

Impact App

- Optimized app onboarding flows along with app revamp, resulting in a **30% increase** in daily active users (DAU).
- Introduced usability enhancements that improved overall product quality and efficiency.
